Democrats filing (another) lawsuit after US Supreme Ct rejected their claims. Yet another effort to tie the state up in a frivolous case because they cannot win on Election Day. This isn't about fair maps; It's about judge-shopping in order to subvert democracy. #NCGOP #ncpol

Contrary to transparency fake demands for "fair maps," Eric Holder's redistricting group literally states its mission is to "favorably position Democrats for the redistricting process" in tax filings. N.C. House leaders respond to latest lawsuit

Trump Campaign Statement on Houston Democrat Debate

"Democrats' big government socialism would force a government takeover of healthcare, eliminate private insurance, provide free healthcare to illegal immigrants, kill millions of jobs by ending the fossil fuel industry, disarm the American public, and raise taxes to pay for their radical agenda. Donald J. Trump @realDonaldTrump

95% Approval Rating in the Republican Party. Thank you! Just won two Congressional Seats in North Carolina, & a Governors runoff in Louisiana, which Republicans should now win! Because of Impeachment Fraud, we will easily take back the House, add in the Senate, & again win Pres!

Democrats had a chance to show they're serious when they say they want to conduct a fact based, impartial and fair impeachment inquiry. Instead, the resolution just passed simply formalizes the sham impeachment investigation they've been conducting for more than a month

This is the gaslighting impeachment — an underhanded and manipulative preemptive strike, meant to forestall the accountability that is coming for the abuses of 2016. It is ridiculous, pure partisanship and demeaning to the Constitution. But accountability is coming all the same.

House Democrats had an opportunity with the impeachment resolution to be open, transparent, and fair—or at LEAST implement some sort of order to this process—and instead they queue up a vote that preserves this hidden, disorganized mess.

Gov. Cooper has also vetoed tax cuts, a bill to prohibit infanticide, a bill to remove illegal aliens from voter rolls, increased highway funding and stronger protections for law enforcement. NC deserves much better. #NCGOP #Leadright #ncpol

This is the third straight year Governor Cooper has said 'no' to teacher pay raises. We need leadership from the Governor's Mansion to match the leadership shown by the NCGA to continue to move forward. #NCGA #NCGOP #ncpol

The Impeachment Hearing today is a brazenly partisan abuse of power by House Democrats. This "Inquiry" is not about Ukraine. It is not about a phone call. It is about House Democrats desperately trying to overturn the 2016 Election Cycle. [#NoImpeachment](#) [#RNC](#) [#NCGOP](#) [#ncpol](#)

The Dow set a record high for the 100th time under @realDonaldTrump. We also have 6 million jobs and record low unemployment among women and minorities. It is stupefying that Democrats want to roll back Trump's economic policies.

The only reason it's been "overwhelmingly partisan" is because only one Republican put his country & the rule of law before trump... and you drummed him out of the GOP for it

Speaker Pelosi thought her Republican colleagues would be patriotic

No, it *is* about the abuse of power. It's about a president who used military aid and a WH visit as leverage to shake down a foreign government for political favors. It's about a president who refuses all constitutional oversight and accountability.

#ncpol #impeachment

1

James G. Gilmore @amesggmore · 3m

It's also about a president's party that knows that on the basis of the facts there is absolutely no defense for his actions, and yet continue to defend him anyway because they don't love this country enough to put their political careers on the line for it.

The refusal of the president to disburse congressionally authorized
military assistance is a violation of law that strikes at the heart of
Constitutional govt. To use that violation as the basis for securing a
political advantage is an abject abuse of power, but you do you. 🇺🇸

On behalf of the entire @NCGOP, I would like offer our hopes that @DaleFolwell has a speedy recovery. NC needs him now more than ever to protect our State's finances. #NCGOP #ncpol

Statement from N.C. Treasurer Dale Folwell Upon Being Diagnosed with COVID-19

After a recent, long-planned trip with my son, I returned early to Raleigh on Monday March 16, for three days to address the growing volatility and downturn in the financial market, and its impact on the state pension plan's \$100 billion in investments. As many who know me can attest, I have a perennial cough that I believe is a reaction to my tendency to stutter as a child. Upon my return to work, I experienced what I thought was my seasonal reaction to spring pollen which has always severely accentuated my cough.

Obviously, I was aware of the COVID-19 pandemic so I monitored my temperature and saw no increase through the weekend even as my cough seemed to worsen. After consulting with a physician, I was tested on the afternoon of Monday, March 23, and was informed late last night of a positive result.

I have quarantined myself and will follow the advice of my physician as to when I will be medically cleared to return to the office. The staff at the Department of State Treasurer has been notified and, starting today, only those absolutely necessary for continuing business services will be in our building.

May God bless and protect our
defenders. I hope that everyone has a
safe and wonderful day. Happy
Memorial Day!

"Give me liberty or give me
death!" Patrick Henry's words
ring boldly through history. So
many have paid the ultimate
price for our freedom. As a
nation we set aside today to
formally recognize these
sacrifices. But may we always
remember that we enjoy the
benefits of our God-given rights
because of the vigilance and
courage of our heroes.

Trump holds 5 deferments avoiding military service, & cheered by his followers for insulting a Gold Star family whose son sacrificed his life for our country. And Trump insulted Senator John McCain for having been a POW. Trump spits on the sacrifices of our military families.

Troubling new report on the NC economy. North Carolina families and small businesses need certainty and transparency when it comes to lifting Gov. Cooper's lockdown. They need paychecks, not loans or unemployment checks. [#NCGOP](#) [#ncpol](#)

My statement on protests across North Carolina. #ncpol #nc

"It is incomprehensible that when George Floyd cried out in distress, those officers brutalized him instead of helping him. But in city after city, governors and mayors compound the tragedy by turning our streets over to looters and rioters. This misguided attempt to appease criminals never succeeds, and its victims include the voices of law-abiding protesters and the livelihoods of innocent business owners. It also callously exposes our overwhelmed police to grave risk.

It's true, as Roy Cooper says, that 'people are more important than property,' but he and others are misguided to believe that sacrificing one will preserve the other. They owe to our communities the same duty those officers owed to George Floyd — protection. Do your job, and support brave officers trying to do theirs."

Gov. Cooper once again shows he's actually using political science to make all of his decisions. He would rather maintain his political power than help struggling North Carolina bar owners.

Proud to join my colleagues in co-sponsoring a resolution designating June 19, 2020, as Juneteenth Independence Day.

On  we celebrate the ending of slavery in the U.S. and reflect on how far we've come and how far we still need to go.

You will notice the Trump campaign has abandoned the slogan "Keep America Great," because they made America suck and realize it. So they reverted back to 2016

Why doesn't any Trump supporters realize Trump has reverted back to his campaign of 2016 because America didn't actually improve, and he knows he can't say "Keep America Great," without making people laugh.

@realDonaldTrump and @ThomTillis have worked tirelessly to create and fund the Paycheck Protection Program to support small businesses - and have delivered over \$12 billion in aid to NC companies and saved over 1.1 million jobs. #NCGOP #ncpol

The infographic has a dark blue background. At the top, the title "Paycheck Protection Program" is written in a bold, yellow, serif font. Below the title is a white outline of the state of North Carolina, centered between two horizontal white lines. Underneath the map, there are three bullet points, each with a yellow circle and a white dot. The text for the bullet points is in a white, serif font. I'd like to thank President @realDonaldTrump for his leadership during these unprecedented times. This is the right decision, as the health and safety of our team, our partners in Jacksonville, and the American people's paramount. I'm incredibly grateful for my team and staff..

Once again, @ThomTillis is the clear winner in tonight's debate. His support for a conservative appointment to the Supreme Court, our Military, police and lower taxes stands in stark contrast to Cal Cunningham's support for rioters and tax hikes. #NCGOP #TeamTillis

WASHINGTON, D.C. — Today, Senator Richard Burr (R-NC) released the following statement on the current Supreme Court vacancy

"The President has every right under the Constitution to nominate the individual of his choosing to fill the current Supreme Court vacancy. The Senate's role is to provide its advice and consent. In this instance, unlike 2016, Americans voted to ensure the Senate and Presidency are both held by the same party. I believe the Senate should consider President Trump's nominee as early as possible and I intend to carefully review their qualifications once that individual is named."

A very strong leadership team in North Carolina for @realDonaldTrump and @mike_pence . NC is Trump Country! #PMPK #KAGA2020 #LeadRight

TRUMP CAMPAIGN AND RNC ANNOUNCE NORTH CAROLINA TEAMS

On the day of President Trump's Keep America Great rally at Williams Arena in Greenville, North Carolina, Donald J. Trump for President, Inc., and the RNC today announced their respective North Carolina leadership teams, which will win the Tar Heel State once again for the President and Republicans up and down the ballot. The RNC's North Carolina team includes a regional political director and state director. The Campaign's North Carolina team includes honorary state chairs, a Trump Campaign chair, and a Trump victory initiative chair.

"North Carolina was key to President Trump's victory in 2016 and will be vital again in 2020 for Republicans at all levels," said Trump Campaign Manager Brad Parscale and RNC Chairwoman Ronna McDaniel in a joint statement. "The people of North Carolina are reaping the benefits of the President's and Republican policies, and we are confident they will support Republicans and President Trump's re-election next year. The Campaign and RNC will each have comprehensive teams on the ground in North Carolina, generating an unstoppable tailwind behind the President and all Republican candidates. Our teams will propel the President and Republicans at all levels to victory in North Carolina on November 3, 2020."

BACKGROUND:

Thanks to President Trump's and Republican policies, the unemployment rate in North Carolina has dropped from 4.9 percent to 4.1 percent, far below the 4.4 percent high during the Obama administration. North Carolina has added 175,200 jobs, a rate far outpacing what was added during the Obama administration. Moreover, while 13,600 manufacturing jobs were lost in North Carolina during the Obama administration, President Trump and Republican leadership has reversed the trend, adding 900 manufacturing jobs to date.

IN ADDITION TO THE SOARING TRUMP ECONOMY, THE NORTH CAROLINA TEAMS WILL SHARE THE CLEAR RECORD OF ACCOMPLISHMENTS THAT THE PRESIDENT AND REPUBLICANS HAVE MADE:

- Increasing paychecks by thousands of dollars
- Reducing prescription drug costs with prices

We have a full team of attorneys and observers who have been working across NC to monitor the recount of the NC Chief Justice race for the past 3 weeks. They are operating with no fanfare - but they are absolutely protecting @Paulmnewby's victory.

Disappointed - but not surprised - that Cheri Beasley has chosen to continue her crusade to overturn @Paulmnewby's win in the N.C. Chief Justice race. Justice Newby has come out of the election and the recount with a 400+ vote lead - and it is time for Beasley to concede. #NCGOP

Biggest highlights - winning NC09 and CA25 specials, electing historic number of GOP women, flipping at least 14 seats when everyone said we would lose 15, and helping to build @WNRED. I'll skip the lowlights since Festivus has already passed

Our country must come together and uphold the societal expectation of an orderly election and transition process.

Instead Democrats in their embrace of a new socialist power structure are choosing another misguided political prosecution of President Trump. This is a dangerous abuse of power that will only further inflame the country.

The Republican Party needs to unite and stop the Socialist Democrats reckless use of power in an attempt to make being a Republican or a conservative a crime. Any Republican who doesn't realize this is simply playing footsie with the fascist vomiting dictates of a radicalized and frenzied Democrat Party.

We believe that the President should use his final days to fully implement unfinished agenda items including that all purveyors of violence are fully prosecuted.

We must unite our coalition, which includes conservatives, Members of Congress of goodwill from either party, and those independent Americans who believe in America First policies and show the country we stand on principle. The first step is demonstrating unified opposition to political persecution and the cancer of a cancel culture that has infected all segments of the woke power elites. Americans who love America deserve better and we must stand up for them.

When the Americans people want a peaceful transition of power and a lowering of political rhetoric in Washington, it is completely irresponsible for the Speaker to move forward with impeachment a mere eight days before the end of President Trump's term.

1/ The impeachment of President Trump today does nothing to unite this
country, it only makes that effort more difficult in the coming weeks and
months ahead. Today's impeachment is a knee-jerk reaction grounded in
anger and disgust, which are genuine emotions that we all feel.

It has truly been the greatest honor of my life to have had a front row seat to one of the most remarkable and consequential Presidencies in American history.

My father ran as the ultimate outsider. A man who didn't need the media to play by the rules and disrupted the very existence of the political elite in Washington D.C. He fought for our country, gave the American people a voice and reinstalled pride in our nation. He made it cool to be an American. He didn't put up with BS and he didn't mince words. He pointed out where our politicians failed us and cast a glaring light into the swamp and the many external forces undermining our country. America came first and a movement of love and patriotism unlike anything our country has ever seen was started.

In four short years, Donald Trump enacted the largest tax cut our nation has ever seen, rebuilt the American military and fortified our borders. He protected our religious liberties, created peace in the Middle East, fixed our VA, passed criminal justice reform, and decimated ISIS. He stood up for our 1st Amendment, fought for free speech and exposed the media and big tech conspiracy.

The stock market soared, gas went through the roof, consumer confidence reached record highs and small business flourished. Our country became energy independent, gas prices dropped to all time lows, manufacturing returned to our nation and unemployment went to record lows. Donald Trump did more in four short years, than did decades of the political elite who had become accustomed to accepting the norm.

I will never forget the journey: the thousands of campaign events and the countless late night TV hits. I will never forget Buckingham Palace and the beaches of Normandy. Our great farmers in the Midwest who welcomed me into their homes with arms wide open and the hundreds of handshakes and challenge coins from our incredible men & women in blue. The best parades which went on for miles... It is truly a journey I will never forget.

My hope for Americans is that we never tolerate the old norm. We take what we have learned in the past four years and we continue to fight for the liberties and the pride that allows us to bleed red, white and blue.

As a family, we have carried tremendous weight through unprecedented resistance and persecution. No President has sacrificed more. But he (and we) did it for the good and betterment of our nation.

The Trump family loves America and we love all of you. Thank you for always having our back. Thank you for always supporting us.

We'll always feel a tremendous pride for the United States of America and we'll always be grateful to live in the greatest nation on earth.

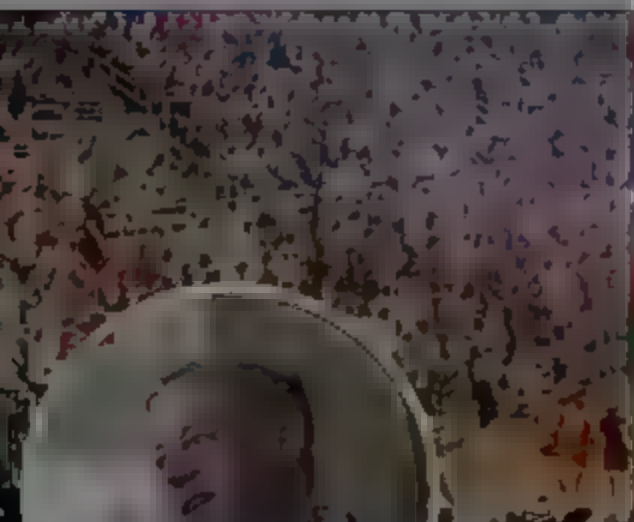

Let's always #KeepAmericaGreat. Without a doubt... the best is yet to come!

Joe Biden is already destroying American jobs, reversing our energy independence, and weakening our national security.

Republicans are united in opposing his far-left policies, and in fighting for American workers and businesses.

Gaston COVID stats at best levels in months

Adam Fry
Online - Gaston
USA TODAY NETWORK

COVID-19 deaths continue to mount in Gaston County but key metrics have improved, officials said Sunday.

Gaston County health officials said Tuesday the virus has killed 500 people locally since the pandemic began. In the week ended Feb. 8, the county reported 10 deaths, an increase from 10 the day before.

A total of 465 people have succumbed to COVID-19 in less than five months.

There are positive signs, however, including data that shows less than one person has died each day for COVID-19 over the past week, while the percent positive rate fell to 1.1%, its lowest level since early Thanksgiving.

Just as people are currently hospitalized comparable to hospitalizations reported in October. For weeks that metric hovered at around 10 patients, just one patient is on a ventilator.

H.R. 1 is an attempt by Democrats to federalize elections and weaponize the Federal Election Commission.

It would force states to allow ballot harvesting & allow illegal immigrants to be counted as residents.

A photograph of two young women smiling. The woman on the right is wearing a white shirt with "sercky" printed on it. The background is slightly blurred, showing what appears to be an indoor setting with other people in the distance.

Once again, [@David_Bossie](#) is on point. Biden's reflexive rejection of successful policies and programs initiated by President Trump is misguided and dangerous.

The RNC and @NCGOP are fighting back against a rule change that would limit access to our poll watchers in North Carolina.

The Democrat Board of Elections is trying to say that we cannot replace poll watchers throughout the day, despite polls being open for 13 hours! (1/3)

Not only is this rule in direct conflict with state election laws, it would eliminate transparency and accountability in our elections.

Poll watchers MUST have the right to meaningfully access and observe our elections processes. (2/3)

From re-electing Senator Thom Tillis to sweeping the judicial races, the Republican message won. As we approach a contentious election cycle in 2022, it's no wonder Democrats are trying to change the rules to benefit their left-wing agenda.

Lieutenant Governor Mark Robinson Responds to Attorney General Merrick Garland

Raleigh, N.C.

This week Attorney General Merrick Garland sent a memo to the FBI and state attorneys general; to prosecute parents they consider to be harassing or threatening school board members. First off, I want to state that anyone who crosses the line from freedom of speech to violence should be punished, however, the claim that parents are acting as domestic terrorists is preposterous.

Parents are tired of being ignored when it comes to their children's education. They have voiced their concerns, showed up to school board meetings, and during the COVID-19 Pandemic were given a firsthand look into their children's classroom. Now, the Biden Administration is working to intimidate them, a tactic often used by the left.

In North Carolina, we have seen large numbers of parents showing up to their local school board meetings and I could not be prouder. They have answered the call to fix an education system that has become the left's personal playground. This political stunt by the Attorney General is another attempt for the left to have continued control over how our children are being educated.

The Attorney General is simply trying to silence parents, end their right of freedom of speech and freedom to protest, and to support an agenda that parents have rightfully stood against. We must not allow the federal government to set a precedence of pushing parents out from having a say in their children's education.

Everything Joe Biden, Nancy Pelosi, and Democrats have said about their Build Back Broke agenda is a lie.

Americans will see through their lies, and the RNC will make sure voters don't forget the Democrats' failures come next November.

RNC Statement on Democrats' Build Back Broke, Trillions More in Wasteful Spending

WASHINGTON Today Republican National Committee (RNC) Chairman Ronna McDaniel released the following statement on House Democrats passing Biden's failed Build Back Broke agenda.

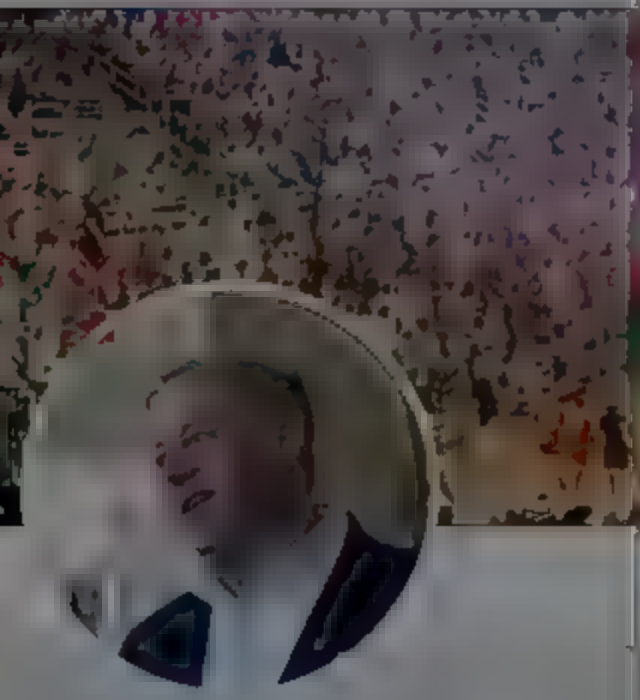

"Everything Joe Biden, Nancy Pelosi, and Democrats have said about their Build Back Broke agenda is a lie. This bill would worsen inflation by pumping trillions of dollars in wasteful spending into the economy, give tax cuts to the wealthy, hike taxes on middle-class families, and add hundreds of billions to the national debt. Americans will see through their lies, and the RNC will make sure voters don't forget the Democrats' failures come next November."

Democrat activists want a court to throw out maps drawn in full of view of the public

replace them with maps drawn in secret by those very activists

that result in a statistically improbable Dem gerrymander

and don't want anybody to ask their mapmakers any questions? 🤔

RNC, NRCC, and NCGOP Statements on North Carolina Redistricting Court Case

Today the RNC, NRCC, and North Carolina GOP filed an amicus brief in the US Supreme Court to support North Carolina Republicans' right to draw and uphold their congressional maps. RNC Chairwoman Ronna McDaniel, NRCC Chairman Tom Emmer, and NCGOP Chairman Michael Whatley released the following statements:

"The RNC is glad to join with the NRCC and NCGOP to ensure that North Carolina's redistricting process proceeds in a constitutional manner. North Carolina's courts are engaged in judicial activism and attempting to undermine the North Carolina legislature's constitutional authority to draw congressional maps. This is yet another example of the RNC's extensive commitment to fighting key legal battles to protect every aspect of the election process." — **RNC Chairwoman Ronna McDaniel**

"The NRCC is proud to join the effort to ensure that North Carolina's redistricting process follows the standards set forth in the United States Constitution. Liberal judges should not be unlawfully exceeding their authority to tilt the scales in favor of their preferred party." — **NRCC Chairman Tom Emmer**

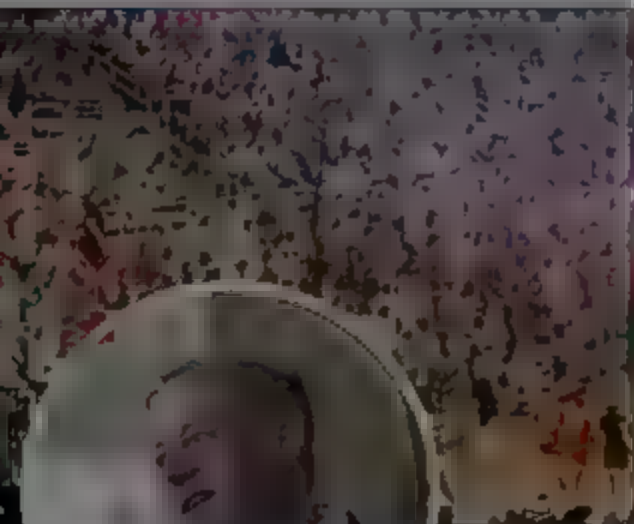

"The North Carolina General Assembly has the constitutional right to determine our congressional maps here in the Tar Heel State. Political activism from the bench on this issue is inexcusable and unfairly cuts elected members of the legislature out of the process. We're proud to join with the RNC and NRCC to fight this crucial issue in the Supreme Court on behalf of North Carolinians." — **NCGOP Chairman Michael Whatley**

BACKGROUND:

- The Republican National Committee (RNC), and North Carolina Republican Party filed an amicus brief today in the United States Supreme Court in support of North Carolina Republican lawmakers' ongoing legal battle to uphold the congressional maps enacted by the General Assembly. The case is *Moore et al v. Harper et al*, No. 21A455 (U.S., Feb. 25, 2022).

nc.gop/scotus_leak_fi... I am proud of the work that thousands of Republican Activists across NC have done for years to elect pro-life candidates. But our work is hardly finished. We will fight from now through Election Day for pro-life candidates as we face a post-Roe future.

President Biden inherited Energy Independence and low gasoline prices. He killed the Keystone XL pipeline, shut down leasing and strangled permitting for energy development. He is completely responsible for record high energy prices. #RNC #NCGOP

Completely agree with @SenThomTillis -
the Biden Administration is rudderless

Inflation is going through the roof

All the gains and wage increases that we've seen over the
past 18 months have been eclipsed by Biden's spiraling .

The FBI raid on President Trump's residence is an appalling and unprecedented abuse of power. I agree with [@GOPLeader](#) that the Biden Administration must be held accountable for this completely unjustified action when Republicans take control of the House and Senate on November 8.

Unprecedented NC Supreme Court Ruling Undermines Voters, Constitution #ncpol #ncga

Today the NC Supreme Court ruled against two key constitutional amendments approved by the duly elected representatives of North Carolina.

NC House Speaker Tim Moore said, **“This party-line ruling is in direct contradiction to the rule of law and the will of the voters. The people of North Carolina will not stand for the blatant judicial activism and misconduct that has seized our state’s highest court, and neither will I.”**

He continued, **“I will continue to fight for the Voter ID and Tax Cap Amendments, which were overwhelmingly approved by the people of North Carolina. It’s time to end the judicial coup that is unilaterally altering our constitution and subverting the will of North Carolina voters.”**

If you could you'd gerrymander judges, too, because GOP no longer believes in democracy or voting rights. You know that if you draw lines fairly, republicans will lose because you do not represent the people. Remember in November, VOTE BLUE all the way down the ballot.

We could not have flipped the NC Supreme Court over the last 2 cycles (from 6-1 Democrat to 5-2 Republican majority) without historic support from @GOPChairwoman and the RNC, as well as record-setting grassroots support from thousands of Republican Activists from across NC.

Should Ronna McDaniel remain as RNC Chair?

Yes - remain

No - resign

Fair elections? Hey Mike, at this point most folks (even Republicans) are sick of your incessant attempts to sell the Big Lie. You have zero, zip, nada shred of proof. But hey, when did reality matter to you?

Fair elections should mean fair maps! Politicians should not be allowed to rig political maps to give them more power

Hahahaha, republicans don't believe in fair elections. Republicans don't believe in fair at all. Republicans believe only white supremacists should vote and do everything to ensure people of color face every obstacle possible. You're a LIAR, republicans are liars.

@triacotham, regardless of party, it is a disservice to the constituents who voted for you only 5 months ago to switch parties now. They entrusted you with their votes and you have betrayed that trust! It really makes me question your intentions from the very beginning! @

Thrilled to welcome @realDonaldTrump, @Mike_Pence and @GovRonDeSantis for the 2023 @NCGOP State Convention in #GSO. This is a testament to the importance of NC as a battleground state and strength of our Republican Party going into the 2024 cycle.
